

SUPER PRO PLAY²⁰

PREMIER

Manufacturers Certificates

The premier pro play range was developed for both high quality football fields and recreational use. The softness of its polyethylene blades and the high recovery of its fibers make it an ideal surface for sports pitches as it requires no infill and feels extremely realistic.

CHARACTERISTICS

PRODUCT DESCRIPTION

Colour:	4 Green
Application:	Football
Roll Size:	4m x 25m

FIBER

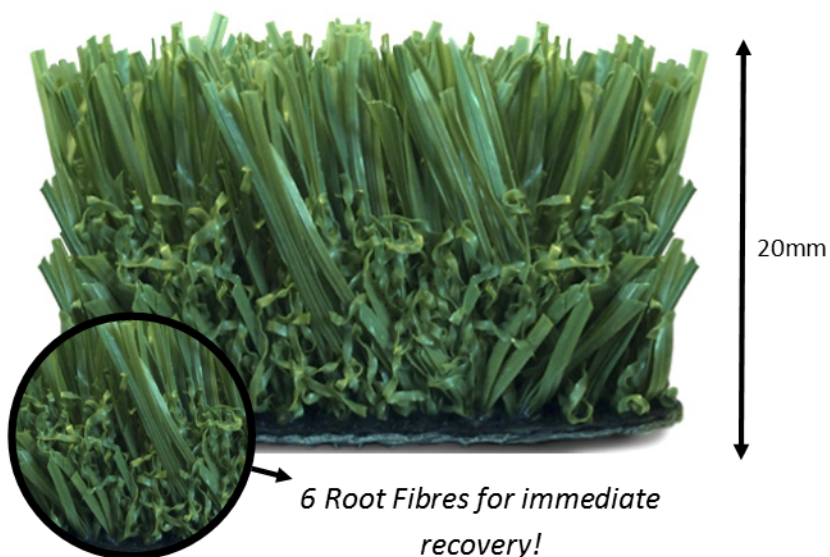

Composition:	Polyethylene
Type:	MAXRECOVER
Dtex	8,800
Pile Height	20mm
Gauge	3/8
Stitches /sqm	25,200
Fibre Weight	1.65 kg/sqm
Primary Base	Polypropylene
Sealing Layer	Latex

TOTAL WEIGHT

Total Weight	3.11 kg/sqm
--------------	-------------

INFILL

Infill	Not Required
--------	--------------

UV
Resistant

100%
Recyclable

Non
Flammable

Non
Toxic

BACKING

Layer 1	Polypropylene
Layer 2	Polyester Fiber
Layer 3	Interlaced mesh
Weight Backing	2.6 kg/sqm
Weight sealing layer	1.2 Kg/sqm
